K-Bro Linen Income Fund

Notes to Interim Consolidated Financial Statements

(Unaudited)

March 31, 2009

1 Business description

K-Bro Linen Income Fund (the “Fund”) is a limited purpose trust established under the laws of Alberta pursuant to the Amended and Restated Fund Declaration of Trust dated February 3, 2005. The Fund was created for the purpose of acquiring, directly or indirectly, all of the issued and outstanding securities of K-Bro Linen Systems Inc. K-Bro Linen Systems Inc. provides a range of services to healthcare institutions, hotels and other commercial accounts. These services include the processing, management and distribution of linen.

2 Basis of presentation

These accompanying unaudited interim consolidated financial statements have been prepared by management in accordance with Canadian generally accepted accounting principles (“GAAP”) for interim financial statements. The accounting principles and methods of computation adopted in these financial statements are the same as those of the audited consolidated financial statements for the fiscal year ended December 31, 2008 except as described in Note 3. However, these interim consolidated financial statements do not include all information and disclosures required under GAAP for annual financial statements. Accordingly, these unaudited consolidated interim financial statements should be read in conjunction with the audited consolidated financial statements and notes thereto for the year ended December 31, 2008.

3 Changes in accounting policies

Goodwill and intangible assets

In February 2008, the CICA issued a new accounting standard – Section 3064 “Goodwill and intangible assets” replacing accounting standards Section 3062 “Goodwill and other intangible assets” and Section 3450 “Research and development costs.” Section 3064 establishes standards for the recognition, measurement, presentation and disclosure of goodwill subsequent to its initial recognition and of intangible assets by profit-oriented enterprises. The new Section is applicable to financial statements relating to fiscal years beginning on or after October 1, 2008. Accordingly, the Fund adopted the new standard for its fiscal year beginning January 1, 2009. The provisions of Section 3064 were adopted retrospectively, with restatement of prior periods.

As a result of this adoption, the Fund has retroactively expensed certain expenditures related to the pre-operating period of the new Calgary plant, rather than recording them as assets in “Deferred charges.” The adoption of Section 3064 resulted in an increase to opening deficit of \$nil at January 1, 2008 and \$96,217 at January 1, 2009. For the three months ended March 31, 2008, the adoption of this standard resulted in an increase of \$105,722 to the “Write-off of new plant start-up costs” expense and an increase in the “Future income tax recovery” of \$28,904, and reduced both basic and diluted earnings per unit by \$0.01.

4 Business acquisition

On January 31, 2008, the Fund completed the acquisition of the laundry business, linen, property and equipment of Buanderie HMR Inc. located in Quebec City, Quebec. The business acquisition was accounted for using the purchase method, whereby the purchase consideration was allocated to the fair values of the net assets acquired at January 31, 2008. The allocation was based on management's best estimate of the fair value of net assets acquired.

Of the cash consideration payable to the vendor, \$540,000 was deposited into escrow with an escrow agent. The funds held in escrow were to be released to the vendor upon the determination that specified earnings before interest, income taxes and amortization were met in the twelve-month period subsequent to the acquisition and goodwill correspondingly increased by the amount released. As at March 30, 2009 it was determined that the \$540,000 was eligible for release and goodwill has been correspondingly increased.

5 Future income taxes

On June 12, 2007, Bill C-52 Budget Implementation Act 2007, which contains legislation to tax publicly traded trusts in Canada, was substantively enacted by the Canadian Federal Government. As a result, a new 31.5 per cent tax will be applied to distributions from Canadian public income trusts. The new tax is not expected to apply to the Fund until 2011 as a transition period applies to publicly traded trusts that existed prior to November 1, 2006. There was no additional future income tax expense or recovery that needed to be recorded by the Fund as a result of this legislation as future income taxes are already recorded by the Fund's wholly-owned subsidiary K-Bro Linen Systems Inc.
